

**Air BICCAMERA Store to Open Friday, November 25,
on 4th Floor of Narita International Airport Terminal 2 Main Building**

Artist's rendition of store

Air BIC Inc., a joint venture of Japan Airport Terminal Co., Ltd. and Bic Camera Inc., will open the Air BICCAMERA Narita Airport Terminal 2 Store on the 4th floor of Narita International Airport's Terminal 2 Main Building.

Taking advantage of its location inside the airport, the store sells a selection of products that are popular with international visitors to Japan, including rice cookers and other kitchen appliances, vacuum cleaners, digital cameras, hair and beauty appliances, audio equipment, and watches. It also offers SIM cards and travel appliances for Japanese passengers traveling overseas.

The product range offered will be carefully selected from the top-selling products at Bic Camera's regular stores and the existing Air BICCAMERA Haneda Airport International Terminal Store. Customers will also be able to use their Bic Camera Group point cards at the new store.

International passengers and Japanese passengers alike are invited to enjoy some last-minute shopping prior to their departure.
