

Press Release

## Air BIC CAMERA Store to Open in Chubu Centrair International Airport !

### Air BIC CAMERA's First Store Inside Departure Gate

\*No. 1 Store (Concept drawing)

\*No. 2 Store (Concept drawing)

Air BicCamera Inc., a joint venture between Japan Air Terminal Co., Ltd. and Bic Camera Inc., will open two Air BIC CAMERA Chubu Centrair International Airport Stores inside Centrair Airport's international departure gate (area after immigration control). No. 2 Store will open next to Gate 21 on Tuesday, April 3, and No. 1 Store will open in the South Wing on Friday, June 1.

At the Air BIC CAMERA stores inside the departure gates, both Japanese travelers going overseas and international travelers departing Japan will be able to use the time waiting to board their flights after passing through customs and immigration to buy popular products, such as household appliances, digital cameras, earphones and headphones, mobile batteries, travel goods, and watches. Prices will, of course, be of the same level as Bic Camera's flagship stores, and shoppers need only present their boarding pass to be exempted from paying consumption tax on any of the goods in the store.

Passengers can also make use of the convenient, secure services that only the Bic Camera Group can offer, such as ordering what you want to buy online and picking it up in store at the airport.

### Store Features

#### (1) Air BIC CAMERA Chubu Centrair International Airport No. 1 Store (South Wing)

This store will bring together the top selling products at Bic Camera's downtown stores. Travelers can use the time waiting until boarding shopping from the extensive range available.

#### (2) Air BIC CAMERA Chubu Centrair International Airport No. 2 Store (Next to Gate 21)

Although the sales floor area is only about 20 m<sup>2</sup>, it is packed with popular and trendy merchandise. At this carefully curated shop, you are sure to find the item you want straightaway. Make the most of your limited time until boarding pick up what you want quickly.
